

NGUYEN THIEN THANH

CAREER OBJECTIVE

As a third-year AI student, I am looking forward to gaining practical experience in AI Engineering through an internship program. I have a strong passion for learning, the ability to work independently and build personal projects using AI.

CONTACT

Phone: (+84) 90 819 5957

Email: ntthanh14052005@gmail.com

Address: District 9, Ho Chi Minh City

EDUCATION

- FPT University - Ho Chi Minh City
- Major: Artificial Intelligence
- Duration: 2023 - 2027 (expected)
- GPA: 8.4/10

PERSONAL PROJECT

- **Title:** Text-to-Sketch Generation
- **Technology:** PyTorch, Diffusers, Transformers, TorchMetrics
- **Details:**
 - Developed a dedicated optimized Latent Diffusion model (Lightweight) for generating 128x128 sketches from text descriptions.
 - Designed and trained from scratch the Mini-UNet architecture with reduced number of parameters (channels: 128-512) to fit limited hardware resources while still ensuring good convergence.
 - Fine-tuned VAE for fine reproduction of detailed lines and trained a Diffusion Model on the latent space.
- **Link GitHub:** https://github.com/nguyen-thanh-1/stable_diffusion_for_text-to-sketch

EXPERIENCE

05/2025 - 11/2025

Wisdom Company | AI Engineer Intern

- **Topic:** Reinforcement Learning for Education
- **Details:**
 - Conducted research on core concepts of Reinforcement Learning (Markov Decision Process, Q-Learning, Policy Gradient).
 - Developed initial test agents using PyTorch and Numpy.
- **Approach a professional workflow:** Plan project development timeline, build a roadmap for Agent initiation and training process.
- Implemented foundational Reinforcement Learning algorithms from scratch to solve problems and deeply understand optimization challenges.

SKILLS

- Programming languages: Python, SQL (basic)
- Frameworks & Libraries: NumPy, PyTorch, Scikit-learn
- Soft skills: Teamwork, self-learning, problem-solving
- Visualization: Matplotlib
- Version Control: Git/GitHub

CERTIFICATES & COURSES

- Python for Everybody - Coursera
- Deep Learning Specialization by Andrew Ng - Coursera
- English: VSTEP B1

HONORS & AWARDS

- Honorable Student of Trimester (Spring & Summer 2025)
